Students are mentored and taught by an exceptional faculty who challenge them with real world problem solving and guide them in personalizing their coursework to align with their individual learning goals. Learning in state-of-the-art facilities, TAS has a deep commitment to the creative arts, service, and a passion for all things STEAM.

The recently developed Schoolwide Learning Outcomes and TAS's Strategic Plan lay the foundation for an ambitious, integrated, mission-driven view of 21st century learning in a vibrant international environment. The main goals of the plan include the creation of systems that support the implementation of the school's values and outcomes into all aspects of its program and operations – with a particular focus on ensuring best practices around curriculum and pedagogy, student well-being and support, and community belonging.

Carney, Sandoe & Associates is honored to partner with Taipei American School (TAS) in its search for a visionary, student-centered, and developmentally responsive Middle School Principal to lead its middle school into the future, starting in July 2026. TAS's middle school provides students with a dynamic, interdisciplinary learning environment that balances academic challenge with social-emotional well-being. Students have opportunities to engage in rich exploratory programs, service-learning initiatives, and leadership development, preparing them for success in high school and beyond.

Beyond academics, TAS has a globally recognized fine and performing arts program, championship athletics, and a deep commitment to service learning. TAS students graduate as leaders, innovators, and changemakers, ready to make an impact on the world.

TAS is at an exciting juncture in its evolution, guided by a bold strategic plan that charts an ambitious course for the future. The Middle School Principal will play a pivotal role in shaping this vision, working closely with the Head of School, Deputy Head of School, and Senior Leadership Team to cultivate a unified, cross-divisional culture that supports every student’s academic and social-emotional growth while ensuring that the school’s mission and strategic direction remain at the heart of every initiative.
